

PUNCH & DYE CUTTER
CATALOGUE NO.: GEC-P40203-C

Punch & Dye Cutter is used for accurate and rapid preparation of circular test pieces for use in grammage tester and other similar tests without any deformation and damage. Punch & Dye cutters are designed to eliminate the causes of errors associated with hand-cut samples.

The accuracy of test results is not only dependent on the accuracy with which the procedure is carried out, but also on the accuracy of cutting the test pieces (specimens) from the original sample.

APPLICATIONS :

Paper, Light carton board, Film, Foil

APPLICABLE STANDARDS:

**ISO 3035, 7263, 3037, 536, 1924-2 TAPPI
T822, T809, T410, T494**

Salient Features:

- Sturdy Model and easy to operate.
- Case hardened steel cutting edge ground produced a lasting sharp and precise cutting edge.
- 'Punch & Dye' manufactured from tempered tool alloy steel to ensure long life.
- Provided with an automatic clamping device to holds the sheet material firmly prior to cutting action.
- Designed specifically to assure operator safety.
- Robust construction requires little or no maintenance.
- Can be bolted to a bench.
